Hello! My name is Monica Waggoner and I am a blessed mother of two sons. In 2008, my youngest son, Nathan, was diagnosed with a pediatric brain stem tumor, called Diffuse Intrinsic Pontine Glioma. His treatments started at Children's Hospital in Omaha, and after progression of the tumor, clinical trials were tried at Children's Hospital in Los Angeles and Chicago. Nate battled for 22 months, passing away in March 2010 at the age of 17.

As Nathan's mother, I committed myself to honor his memory by raising funds and awareness for pediatric brain cancer research. Did you know only 4% of the National Cancer Institute's research investments are spent on childhood cancer? This important research is being funded largely by small, private, non-profit organizations, such as *ForeverNate Foundation*.

With the help of family and friends, *ForeverNate Foundation* started "Neon Night for Nate," a memorial bowling fundraiser held annually. Since 2010, the event has raised over \$150,000 for pediatric brain cancer research. Each year proceeds are donated to organizations sharing the same love in supporting this cause, like the *Team Jack Foundation*.

It is my goal to take the fundraising of Neon Night For Nate to the next level. **I am writing this letter to ask you to please consider a donation or sponsorship for the 13th annual event.** Any and all donations are appreciated and can be made in the form of gift cards, gift baskets, certificates for goods or services, and other items for our silent auction and raffle, such as tickets to concerts and sporting events, wine or other alcohol, home and outdoor items, sports memorabilia, items for children, and more. You can find the information on our levels of sponsorship attached to this form. With your kind donation, I know *ForeverNate* can reach our 2023 goal and together we can make a difference!

Please contact our fundraising coordinator, Gabriella, at (402) 210-5708 or by email at gabriella@forevernatefoundation.org by **March 15th** if you are interested in supporting the cause.
